

Student Satisfaction Survey

From the Students Satisfaction Survey it is found that the students are happy with the teaching - learning process. The students are satisfied with online classes conducted during COVID-19 lockdown. It was stated that staff members covered the syllabus on time, conducted two internal tests and one online test as per schedule. Students are satisfied with the internal assessment evaluation. Teacher's communication and their preparation for classes are satisfactory. Teachers are able to teach concepts clearly through illustrations & examples. Applications of concepts are given in the form of assignments. Teachers encourage students to participate in extracurricular activities and they identify students' weaknesses and help them overcome it. Regarding infrastructure, transportation facilities, campus safety, library, access to Wi-Fi, campus maintenance and cleanliness of the campus, students are satisfied. Service facilities such as Cafeteria and gym are 'good'.
