

# MOTHER TERESA WOMEN'S UNIVERSITY

## KODAIKANAL - 624 101 Tamil Nadu.

Curriculum Framework and Syllabus for  
MASTER OF SOCIAL WORK (MSW)

(For the candidates to be admitted from the academic year 2021-2022 onwards)

(UNDER CHOICE BASED CREDIT SYSTEM- CBCS)

**Mother Teresa Women's University, Kodaikanal**

**Department of Sociology**

**Choice Based Credit System (CBCS)**

**(2021-2022 onwards)**

**Master of Social Works (MSW)**

**1. About the Programme**

MSW - **Master of Social Work** is a post-graduation course in the field of Social Work which is usually of two years duration. The career in social work is all about giving and helping others in need. Social Work is all about people and focuses on helping people to overcome difficult challenges in their life. However the courses here designed in such a way on Social Work degree not only focus on supporting people, but on Employability Skill and Entrepreneurial Skill Trainings, Online Courses (MOOCS), Internship/Industrial Training and cooperating with them in an effort to change their environments and create better living conditions. The additional courses like Value Added Programmes (VAP), Yoga, Sports, Library utilization, and NSS create opportunities to develop new skills among students as the socially responsible persons. It also helps to change the mindset and encourages them to embrace a proactive attitude. While undergoing the programme, the students can also avail opportunities to undergo coaching on Various Competitive exams like UPSC, TNPSC, Civil Services etc. Graduates of Master's degrees in Social Work can find jobs both at Govt and NGOs. The available careers Social Work at National and International levels are Medical Social Worker, Social Welfare Officer, Child Protection Officer, Faculty/Professor of Social Work, Project Coordinator, Project Officer, Mental Health Care Counsellors, School Social Workers etc.

**2. Programme Educational Objectives (PEOs)**

- PEO1: To inculcate in students how to integrate knowledge of social work profession and current social welfare structures, and develop ability to analyze the impact upon Human Service agencies and Communities.
- PEO2: To make the students of MSW fully understand to choose the relevant area of specialization from among three offered.
- PEO3: **HR discipline** will give knowledge to working in IT Sectors or other establishments framing policies, tracking manpower requirements, enhancing performance of the workforce, equipping workforce with skills / knowledge to ensure the sustainability of any organization.
- PEO4: **Medical and Psychiatric Social Work Discipline** will equip you to work closely with people who need special care and attention. An MSW person from this discipline is the unsung hero of the medicinal field. From providing counselling to married couples to aiding the intellectually disabled, this discipline offers a plethora of avenues to work.
- PEO5: **Community Development**, another stream in MSW, could place the students in jobs where they would have to work closely with communities, such as the people in difficult circumstances and cater to their needs and help them play a contributing role in the society. The students could be placed in Govt / NGOs. There are other disciplines as

well such as School Social Work, Criminology and Justice, Rural Development, Disability Studies etc.

PEO6: To apply critical thinking skills in problem solving with social work values and ethics, human diversity issues, the dynamics of discrimination and oppression, social and economic justice, and interactions among systems.

PEO7: To make aware of that MSW has a vast, wider and huge scope in India with regards to profession in social development and social work. It has many different streams and the scope will spread across different sectors such as all educational institutions, NGO, INGO, CBO, CSR, Ministry of Women and Child Development, UN, Ministry of Youth and Culture, Ministry of Labour, Ministry of HRD etc.

PEO8: To equip MSW Students to have an ability to explore the available plenty of Opportunities by quality networking to get into the top places and serve as a good academician, professional social worker, project manager, counsellor, skill development trainer etc

<b>Cognitive Level</b>	K1: Remember K2: Understand K3: Evaluate K4: Creative K5: Analyze					
<b>Learning objectives</b>	<ul style="list-style-type: none"> <li>To develop an understanding on scientific approach to human enquiry on various issues.</li> <li>To understand the importance of social work research.</li> <li>To develop an ability to see the relationship between the theory and facts.</li> <li>To develop skills for use of library and documentation services for research and to write a research proposal</li> </ul>					
<b>Unit I</b>	<b>Social Work Research</b>		<b>12 hours</b>			
<p>Scientific Method – Meaning, Assumption, Steps. Research – definition and objectives. Social Research- Definition and objectives. Social Work Research - definition, meaning objectives, scope. Qualities of good researcher, Social Work Research and its relationship with other Social Sciences. Difference between Social Research and Social Work Research.</p>						
<b>Unit II</b>	<b>Process of Social Work Research</b>		<b>12 hours</b>			
<p>Identification and Formulation of Research Problem. Statement of Objective. Hypothesis – meaning, types, sources, criteria of good hypothesis. Operational Definition. Research Design – Descriptive, Diagnostic, Exploratory and Experimental . Factors influencing the choice of research design.</p>						
<b>Unit III</b>	<b>Sources of Data Collection</b>		<b>12 hours</b>			
<p>Sources of Data – Primary and Secondary . Qualitative and Quantitative research - Focus Group Discussion, Content analysis .Tools and Techniques of Data Collection – Observation (Participant and Non –Participant), Interview Guide, Interview Schedule, Questionnaire. Pilot study and Pre test. Universe and Sample- Census Method and Survey Method. Sampling : Probability and Non– Probability Sampling- types.</p>						
<b>Unit IV</b>	<b>Social Statistics</b>		<b>12 hours</b>			
<p>Statistics – definition, meaning- functions: Levels of measurement – nominal -ordinal, interval and ratio. Measures of Central Tendency – mean, median, mode, Measures of Dispersion – Range, Quartile Deviation, Mean Deviation, Standard Deviation. Correlation – Karl Pearson’s co-efficient of Correlation, Spearman’s Rank Correlation. Testing of Hypotheses S(only theory and not problems) – application and usefulness of students’ ’t’test, Chi square, scaling techniques, reliability and validity of scales.</p>						
<b>Unit V</b>	<b>Data Analysis</b>		<b>12 hours</b>			

Data Analysis and Interpretation – Chapterization, Tabulation. Proposal writing: agencies involved in social research, preparation of a research project proposal. Guidelines to Research Report Writing. Documentation, Glossary, Foot Notes – References and Bibliography, and preparation of abstracts. Planning and Organization of Research in Social Work.
